## ABOUT ME

Dedicated IT student with a solid background in web development and programming. Experienced in front-end technologies and gaining skills in full-stack development through practical projects. Eager to apply knowledge in a professional setting to contribute to organizational growth.

## EXPERIENCE

### APP DEVELOPMENT

#### AK InforPark, KanyaKumari

DEC 2024 - JAN 2025

Learned Android app development, UI design, and debugging from scratch, gaining hands-on experience under professional guidance.

### EVENT COORDINATOR

#### YOUTH UNITED COUNCIL OF INDIA

FEB 2025 - OCT 2025

Organized and coordinated youth-focused events for the Youth United Council of India, managing end-to-end planning, team collaboration, and execution to ensure successful program delivery.

## PROJECTS

### AgriVanguard

Platform connecting farmers with recyclers to manage agri-waste, increase profit, and reduce post-harvest burning.

### HackNect

Developed a platform for forming hackathon teams, accessing mentorship, and tracking project updates.

### PERSONAL PROJECT

### MY UI Shift

Developed a prototype that adapts user interfaces for students in real-time using eye-tracking and simulated cognitive states, enhancing focus and usability.

## EDUCATION

### PANIMALAR ENGINEERING COLLEGE, CHENNAI

2023-2027

### BACHELOR OF INFORMATION TECHNOLOGY

### S.t. ANNE'S MATRICULATION HIGHER SECONDARY SCHOOL, KANYAKUMARI
